### STEPHENSON COUNTY BROWN SWISS BREEDING ASS'N.

The Home of "The Laird"

This great bull, who is a grandson of the "Queen Mother" of the Brown Swiss breed, "Jane of Vernon", is also a paternal brother to the 3 highest producing cows of any breed when milked 3 times a day.

Gypsy Jane of Lee's Hill 1358.18# of B.F.

Royal's Gina of Lee's Hill 1358.71# of B.F.

Royal's Rapture of Lee's Hill 1378.97# of B.F.

If you are interested in starting a dairy herd or switching from a grade to a pure bred herd, study the qualities of the "Big Brown Cow".

We always have young bulls for sale.

REMEMBER -----

You spend thousands of dollars for farm machinery with which to produce a crop of feed, and ..... most of it sets in the shed a greater percentage of the time.

REMEMBER -----

You handle the entire finished product with a milking machine that cost a few hundred dollars. It is the most important machine you have, it gets used twice or three times daily, and is the ONLY machine you use on a live subject for production purposes.

REMEMBER -----

Every cow in your barn is a lady, treat her accordingly.
